

DAN'L WEBSTER INN & SPA NAMED A "GreenLeader" HOTEL BY TripAdvisor

We are proud to receive a Silver Level endorsement by TripAdvisor's GreenLeaders Program, recognizing hotels and B&Bs that engage in environmentally friendly practices. The GreenLeaders Program makes it easy for travelers to find and book a greener stay. TripAdvisor developed this program with help from national and international green industry experts including the US Green Building Council's LEED Certification Program, the United Nations Environment Program, the US Environmental Protection Agency's ENERGY STAR program, and other sustainability experts.

The program is completely voluntary and properties do not pay to participate. All participating hotels and B&Bs must meet a minimum set of requirements to be included in the program and attain the level of GreenPartner:

- Having linen and towel re-use plans
- Tracking energy usage on a regular basis
- Recycling
- Using energy efficient light-bulbs
- Educating staff and guests on green practices

Dan'l Webster's Green Practices:

- Biodegradable toiletries
- Organic/local food & beverages
- Waste is composted
- Staff training on green practices
- Energy-saving lighting controls
- Low chemical gardening
